Marriot reduce consumption of water, waste and energy in our hotels and corporate offices and are focused on integrating greater environmental sustainability throughout their business. They use Energy and Environmental Action (EEAP) plans, to help their properties achieve energy and water reduction goals. Marriott's environmental goals are to; Further reduce energy and water consumption 20% by 2020 (Energy 20 percent per kWh/conditioned m²; Water 20 percent per occupied room (POR). Baseline: 2007).

(I have chosen this hotel for you because it is environmental friendly and also it meets your requirements and needs, it is within your budget and it has so much to offer)

Day 3: after a good night's rest you will begin your holiday to explore all sights that Vigo (Galicia) has to offer. Breakfast will be served from 0800-1000, can you please make sure that you will be ready by 1030 so you can get the boat to go and visit the Island. With this day you will back at the hotel around 1400 or 1430. There are many cultural attractions you can go to experience the culture of Vigo Galicia, after breakfast you will go to Islas Cies (Cies Islands) where you will take a boat from Vigo to the island and this journey will take approximately 45 minutes. This island is one of the most important tourist attractions in Vigo. Las Islas Cies (also spelt as Cies Islands), in the Ria de Vigo, was already inhabited in Celtic times. Because of the mild climate, it is amongst the nicest places to visit in Vigo. Their peace and quiet and purity are further qualities that make these islands so outstanding. To protect the environment and avoid mass tourism, access to visitors is limited to 2,200 people per day, during Easter week, weekends in May and throughout the summer.

- Boat trip: 30 EUR per person
- Sporting activities: start price from 45/20EUR per person (depending on which activity you decide to take part in)

If you prefer sporting activities, hiking is an excellent way of exploring the Cies Islands. There are four established itineraries you can take to explore the forests, Los Niños Lake, bird watching observatories, a pre-Roman settlement, and wonderful views of the cliffs in the western part of the islands from their lighthouses. The Visitor Centre is located on the site of the remains of the old San Estevo monastery, and can provide you with information on the different routes, the importance of the natural environment and the norms to be observed.

1500: you have a reservation at the Restaurant Follas Novas this is a place with a special charm, an ideal place to savor the many delights of creative cuisine and signature. They have a proven reputation for excellent value – price. The menu varies depending on the changes that the market experiences, consists of original highly recommended dishes, such as stuffed exquisite bags or candy Galician beef tenderloin. They have food such as rice, fish, sausage, cold starters and seafood etc. You will not spend more than €50 each.

After your lunch you can stroll back to your hotel, where you can go to the fitness area and workout for a little bit if you want. You can also take Turkish bath and use free weights.

Aminatah Ferreira

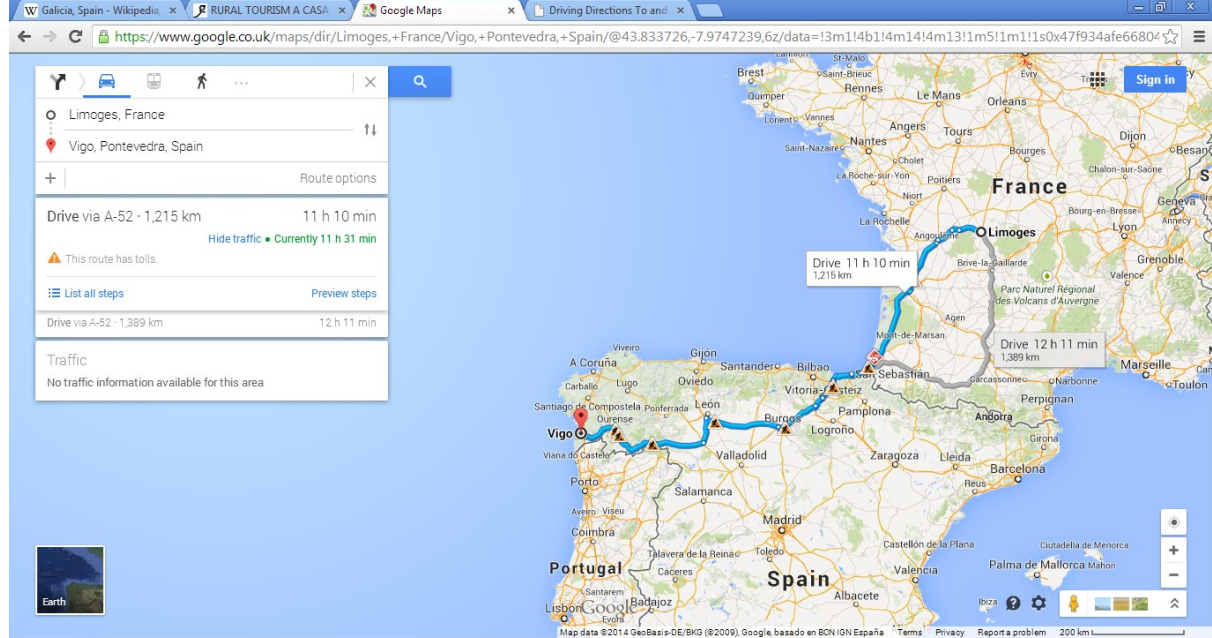

Around 1900 you can either go down to the hotel restaurant or have your dinner or you can wait until 2000 to have your dinner, if not you can go to the bar and have something to drink.

REDUCING OUR FOOTPRINT.

Our sustainability strategy supports business growth and reaches beyond the doors of our hotels to preserve and protect our planet's natural resources. Marriott's environmental goals are to:

- Further reduce energy and water consumption 20% by 2020 (Energy 20 percent per kWh/conditioned sq. ft., Water 20 percent per occupied room (POR), baseline 2007).
- Empower our hotel development partners to build green hotels.
- Green our multi-billion dollar supply chain.
- Educate and inspire associates and guests to conserve and preserve.

Address environmental challenges through innovative conservation initiatives including rainforest protection and water conservation.

REDUCING OUR CONSUMPTION

We recognize our responsibility to reduce consumption of water, waste and energy in our hotels and corporate offices and are focused on integrating greater environmental sustainability throughout our business. We were the first major hotel chain to calculate our carbon footprint and launch a plan to improve energy efficiency, conserve water and support projects that reduce deforestation.

We use Energy and Environmental Action (EEAP) plans, our best-practice building tool, to help our properties achieve energy and water reduction goals.

Database and monitoring systems help us track consumption and monitor progress against goals.

DEVELOPING GREEN HOTELS

Working in partnership with the U.S. Green Building Council (USGBC), the Leadership in Energy and Environmental Design (LEED®) and the Green Building Certification Institute (GBCI), Marriott is empowering our hotel development partners to build green hotels.

Marriott has more than 110 LEED-certified buildings, with more in the development pipeline.

In 2011, we developed the first LEED Volume Program (LVP) to provide a streamlined path to certification for the hospitality industry through a green hotel prototype.

The 1 FFY Volume Program that Marriott offers can save our

Day 4- after breakfast you check out of the hotel and en-route to your next destination will be Arriondas (Asturias), this journey will take 4hrs and 15mins. You will check in at the Hotel Posada Del Valle, this comfortable friendly hotel with spectacular views has 12 double bedrooms all with en suite bathrooms. There is a delightful bar lounge plus a panoramic lounge with a small library as well as terraces and gardens making the hotel an ideal place to relax. This hotel is eco-friendly with alternative energy resources, solar Panels, they also take action to conserve heat, conserve water, install eco-friendly lighting, compost waste food, recycle wherever possible, use bio degradable cleaning agents, source food locally, offer local employment, instruct staff in green practices, include green room info packs, conserve/care for wildlife in our area. They have a restaurant where they serve excellent imaginative home cooking with an emphasis on the use of organic and local produce.

Check in: 1st March 2015

Check out: 4th of March 2015 62 EUR per night (£51.83)

After you have checked in to the hotel you will get the chance to unpack and relax before you go and have dinner at the hotel's restaurant where they serve organic and local produce food, which I think you will love since you want this holiday to be a responsible holiday.

Day 5- 0900: you go downstairs to have your breakfast before you start your day in this beautiful place. After your breakfast you can relax for a little while before you start your day. 1100: you will begin your guided walk tour where you will experience the beauty of this place and you will and explore the mountain which is Picos de Europa and after that you can go and see wild flowers; you will also visit the 8 Hectare certified organic farm. It is managed to develop, rich wildlife habitats and in particular wildflower meadows, and integrate this with low intensity farming, producing commercial crops of lamb, breeding the indigenous sheep and cider apples, as well as producing fresh fruit and vegetables for the hotel restaurant.

1330: you will go back to the hotel to have your lunch

1500: after your lunch you can go back out to enjoy the farm and the wild flowers.

Day 6: in the morning you will drive to Galicia for some wine tasting, this journey will take 3hrs and 50mins. You will have a guided tour to the winery; you will enjoy this guided Tour at this beautiful vineyard and a winery with wine tasting and Tapas. The winery is the result of a strong entrepreneurial project created to lead an elitist grape and wine-growing project in the small and fragmented properties of Galicia in the early 80's. prices start from 12 EUR per person on each guided tour including the wine tasting prices may vary if you decide to buy wine bottles at the vineyard.

After the tour guide you will drive back to Asturias this journey will take approximately 3hrs and 50mins, when you arrive at the hotel it will be time for dinner and after dinner you can finally relax and put your feet up.
